

Explore Canada's **SUPERHEROES** of **HEALTH CARE**

Canadian Medical Hall of Fame
Temple de la renommée
médicale canadienne

BE INSPIRED.

Science fun for everyone • Grades 7 and 8

HALF DAY (2.5 hours)

\$4 per student

- Learn about the inspiring accomplishments of CMHF Laureates
- Explore the concepts of scientific inquiry while understanding cells, as the basis of life, with a DNA extraction experiment
- Discover more about the amazing three-pound organ that controls all functions of the body and interprets information from the outside world: Our Brain (hands-on activity)

FULL DAY (5 hours)

\$8 per student

In addition to the activities above, students will explore **Banting House National Historic Site** and learn about the inspirational life, science and art of CMHF Laureate Sir Frederick Banting, discoverer of insulin.
